

A photograph of construction workers on a building facade is visible on the left side of the page. The workers are wearing safety gear, including hard hats and high-visibility vests. They are positioned on a metal structure, likely part of a window or glass curtain wall. The background is a clear blue sky.

# LIVE COMPETENT PERSON FALL PROTECTION WEBINAR TRAINING

**REGISTER TODAY!**

Live webinar sessions to get participants actively involved in preventing falls and reducing fall risks in your workplace.

**DECEMBER 13 & 14, 2022**

DAY 1: 8:00 AM - 5:00 PM ET | DAY 2: 8:00 AM - 12:00 PM ET

**Competent Person Fall Protection Webinar | \$300/person**

This training is compliant with OSHA Fall Protection Standard 29CFR1910.140 & 29CFR1926.500, ANSI Z490.1 Criteria for Accepted Practices in Safety, Health, and Environmental Training, and the ANSI Z359 Fall Protection Code.

- Interactive webinar course.
- Geared to actively engage individuals in preventing falls and reducing fall risks.
- Learn to apply principles, code, and standards to real-life fall protection situations!

The class also qualifies as a recertification course for existing competent person certifications, including EM 385 recertifications. Test of knowledge will be administered at the end of the course. Certification is valid for 2 years following completion.
