

A photograph of construction workers on a building facade is positioned on the left side of the page. The workers are wearing safety gear, including hard hats and high-visibility vests. They are working on a metal framework against a clear blue sky. The image is partially framed by a large, stylized pink arrow shape that points towards the right.

LIVE COMPETENT PERSON FALL PROTECTION WEBINAR TRAINING

REGISTER TODAY!

Live webinar sessions to get participants actively involved in preventing falls and reducing fall risks in your workplace.

MARCH 14 & 15, 2023

DAY 1: 8:00 AM - 5:00 PM ET | DAY 2: 8:00 AM - 12:00 PM ET

Competent Person Fall Protection Webinar | \$300/person

This training is compliant with OSHA Fall Protection Standard 29CFR1910.140 & 29CFR1926.500, ANSI Z490.1 Criteria for Accepted Practices in Safety, Health, and Environmental Training, and the ANSI Z359 Fall Protection Code.

- Interactive webinar course.
- Geared to actively engage individuals in preventing falls and reducing fall risks.
- Learn to apply principles, code, and standards to real-life fall protection situations!

The class also qualifies as a recertification course for existing competent person certifications, including EM 385 recertifications. Test of knowledge will be administered at the end of the course. Certification is valid for 2 years following completion.
